

4-YEAR MANUFACTURER'S WARRANTY

For this product, we provide a manufacturer's warranty for a total period of 48 months from the date of purchase. The warranty covers defects attributable to material or manufacturing faults.

The manufacturer's warranty is valid for 24 months from the date of purchase. By registering the product online free of charge, the manufacturer's warranty is automatically extended by a further 24 months, for a total warranty period of 48 months from the date of purchase. Online registration is free of charge and can be completed via the manufacturer's website. The warranty applies to the entire product and, at our discretion, covers either the free repair of the defective product or its replacement with a defect-free product.

The warranty does not cover damage caused by improper handling or use, failure to observe the operating and safety instructions, external influences, normal wear and tear, or repairs, modifications or other interventions not carried out by us or by a service provider authorised by us.

The consumer's statutory rights in the event of defects in the purchased goods, in particular the rights under Sections 437 et seq. of the German Civil Code (BGB), remain unaffected by this manufacturer's warranty. These statutory rights exist independently of this manufacturer's warranty and are neither restricted nor replaced by it.

To make a claim under the manufacturer's warranty, suitable proof of purchase must be provided. Further information on online registration and the processing of warranty claims can be found at:
